ADD-ON WORKSHOPS

Participants **MUST** register for at least one day of the RECC conference in order to sign up for these workshops.

THE CARE COURSE

MAY 28 - MAY 29
WED 0800-1800
THU 0800-1800

PHYSICIAN \$1200
NURSE \$200
PARAMEDIC \$100

This 2-day course provides interactive hands-on learning in a fun & supportive interprofessional environment. Medical, trauma and obstetric emergency management are featured. A focus on the realities of rural practice will provide attendees with the skills they need in the Emergency Department. Max 8 physicians, 8 nurses, 8 paramedics. This program has been accredited for 17 Mainpro-C Credits. Approved for 14 educational credits for paramedics. Meets the requirements for Professional Development for registered nurses (17 hrs).

THE SHOCK COURSE

MAY 29
0800-1630

PHYSICIAN \$850
RESIDENT/STUDENT \$625

The Shock Course was designed for the rural health care practitioner. Participants will review the management of the hemodynamically unstable patient & discuss the workup & treatment of these patients. An interactive, case-based course with hands-on practice with ultrasound & central line insertion & management. This program has been accredited for 8.0 Mainpro-M1, C, and MOC Section 1 Credits.

ACLS - EXPERIENCED PROVIDER COURSE

MAY 29
0830-1700

PARTICIPANT \$800

This course is for seasoned healthcare providers who are proficient in performing BLS and ACLS skills, reading and interpreting ECGs, and understanding ACLS pharmacology, and who regularly lead or participate in emergency assessment and treatment of pre-arrest, arrest or post-arrest patients. Upon successful completion, learners will receive an ACLS-EP course completion card, valid for 2 years.

THE OB ULTRASOUND COURSE

MAY 30
1230-1830

PHYSICIAN \$975
RESIDENT/STUDENT \$525

Learn how to use bedside ultrasound to dramatically improve management of patients in the 3rd trimester. Be able to answer these specific questions: Is the fetal presentation head down? Is fetal cardiac activity present? Is the placenta a safe distance from the cervix? Is there a normal amount of amniotic fluid? This program has been accredited for 9.0 Mainpro-M1, C, and MOC Section 1 Credits.

WILDERNESS MEDICINE

MAY 30 OR MAY 31
FRI 0800-1700
SAT 0800-1700

PHYSICIAN \$150

This one-day course will appeal to those who would like to explore self-directed, austere environment emergency medicine. Ideal training for physicians who enjoy outdoor recreation or are interested in working in Search & Rescue. There will be a strong focus on hands-on skills and high-fidelity simulations in the field. At completion, practitioners will have improved knowledge and skills to enable them to provide good medical care in a wilderness environment.

2014 UBC Family Practice Okanagan Orchards Rural Faculty Development Conference

This valuable conference will include some of our most celebrated teachers including Dr. Leslie Sadownik, Dr. Mike Purdon and Mr. Bill Upward. Workshop topics will include: • Fast Effective Teaching Pearls • Practical Tools I Can't Live Without • Is My Resident Competent?
Registration includes a winery dinner with guest speaker.

Thursday, May 29th - 12:30 pm Registration
