Supporting Documentation

Along with your form, please enclose a minimum of one (1) Letter of Support. Letters of support should provide detailed responses to any subset of the following questions:

Physician Awards

- How has the physician/team/network contributed to their community, whether through projects, initiatives, or achievements?
- What are some examples of the physician/team/network's superior commitment to their practice, the teaching of medical students and residents, interdisciplinary teamwork, involvement in research, and/or involvement in the community and community service?
- What obstacles, both personal and professional, has the physician/team/network overcome in order to contribute to the community?
- What personal characteristics have made the physician/team/network's achievements possible?

Community Award

- What is an example of a recent health care challenge within the community?
How has the community approached a solution to this challenge?
In what ways have these approaches been innovative, collaborative, or both?
- How has the community supported or enhanced the sustainability of their health care services and providers?
